Sheriff Marshall last Saturday afternoon received word that Walter Kelly had that afternoon assaulted James Robinson and Sylvester Kitchell, at Annapolis, with a club, beating them both rather badly. The Sheriff went to Annapolis that night and made a search for the offender, but he had succeeded in getting away. Kelly is a young man and both of his victims are advanced in years. From what can be ascertained the assault was cowardly and unprovoked, and Kelly should receive the limit of the law.

Mr. W. J. Daniels, who has been train master here the past five or six years, has been appointed superintendent of Missouri division of the Iron Mountain with headquarters here. This is a well merited promotion and Mr. Daniels will make a splendid superintendent. Mr. W. J. Hopkins, who has been chief dispatcher here for a number of years, will take Mr. Daniels' place as train master, and Mr. V. H. Cain, who has been dispatcher here the past two years, is promoted to the position of chief dispatcher. Mr. Chas. G. Revelle, of Bolingbroke county, had business in this city this week. He made this office a pleasant call. Mr. Revelle is receiving favorable mention all over the district as a probable candidate for the Democratic nomination for Congressman from the Thirteenth district. He is certainly qualified for this position, being a young, vigorous and working Democrat. When asked if he would be a candidate he said he had not yet broached the subject to any one, but had received unsolicited encouraging letters from friends all over the district in regard to the matter; the nomination was an honor any young man would feel proud of receiving, just at this time he could not say definitely whether he would or would not be a candidate.—Fredericktown Democrat-News.

M. E. Rhodes has been informed that F. G. Delano, the young man he recently appointed cadet to the U. S. Military Academy at West Point, has successfully passed his final examination. Mr. Delano will enter the academy at once. He will be remembered that Mr. Delano is the young man who won out over several others in a competitive examination held by Mr. Rhodes April 18th, last. Mr. Delano is an Iron county boy and Iron county is to be congratulated on his success, as he had practically no time for preparation. His appointment was made possible by the vacancy caused in the 13th district on account of the discharge of Philip H. Pipkin of Farmington, on the 5th day of April. Mr. Pipkin was the appointee of Hon. Edw. Robb and would have graduated in 1907, had he remained the full term for which he was appointed. Mr. Delano has been ordered by the War Department to report at West Point at once. His friends predict for him a brilliant career in the army.—Potosi Journal.

Card of Thanks.

Tom Moore has said, "Earth has no sorrow that heaven can not heal." How true! And just as true is it that man has no sadness that friendship can not lighten. This is a realization that, in the past two weeks, has been most indelibly impressed upon my mind. To the people of the Valley, who so kindly extended their assistance during the brief illness of my daughter, and who later, after her soul had passed to its maker, lent their help unsolicited in ways that amply prove to me that friendship is sorrow's great levitator—to them, all true friends, I shall always feel under obligations that can never be repaid. They relieved me of the responsibilities that naturally fall to parents in such sorrow, and in compensation thereof I can only assure them that their great kindness shall ever be held in grateful remembrance by me and those who mourn with me. May God bless them, one and all, and when the Great Harvester shall enter their homes may they be the recipients of kindness, such as has been extended to me. Sincerely,
T. G. PETERSON.

Teachers' Examinations.

The next regular examination for teachers for this county will be held in Ironton June 23d and 24th. At this time all persons desiring teacher's certificates, or teachers wishing to raise their grades, will be given the opportunities desired. I would insist that a great many of my teachers try to raise their grades, thereby showing that they are advancing in the profession, and that they are taking advantage of the opportunities within their grasp, which are offered in order that our standard be raised. The teacher who gets the good position is the one that shows himself qualified for the place.

I am greatly in hopes that the records which will be made at this examination will show a progressive move among the teachers of Iron county. Nothing speaks better for a community or county than a corps of able and enthusiastic teachers. Let Iron county's teachers do their part to uphold our banner and retain the reputation already made.

The position of this board of education on the endorsing question is well known, but for the benefit of some who may not know it, I will state that no certificates will be endorsed. By experience as well as by close observation, we have learned that it is best for each county to examine its own teachers.

The examinations will begin promptly at 8 A. M. and 1:30 P. M., and the usual order will be followed. Any further information desired may be had by addressing, Yours Truly,
